

WHAT IS AN APPRENTICESHIP?

The WOSS Hairstylist Apprenticeship Training Program:

- is a Ministry approved program
- enables the student to complete the 1500 hours of training required preceding their 2000 hours on the job apprenticeship
- enables students to complete OSSD requirements while completing their apprenticeship training
- Many professionals including doctors, lawyers, engineers and nurses do similar on the job learning as part of their training and certification
- Pre-apprenticeship programs are available at some community colleges and private schools; however, tuition is charged

White Oaks Secondary School, North Campus

Community College
Part 1

YEAR 2
Community College
Part 2

YEAR 3
Community College
Part 3

YEAR 4
Community College
Part 3 cont.

Ministry Hairstylist Apprenticeship is 5500hrs.

Private School Hairstylist is 1500hrs. + 2000hr Apprenticeship

A Advantages

- Begin apprenticeship training while completing your secondary school diploma
- Reduce apprenticeship time by 1½ years
- Get your foot in the door with a potential employer
- Attend college level program without paying tuition
- Opportunity for qualifications in CPR and First Aid
- Individualized instruction
- Be registered as an apprentice with an employer and the government while still attending high school

B Application Process

Pre Registration:

Discuss career plans with parents, teachers and/or student services department staff.

Formal Application:

Choose OYAP Hairstylist on the WOSS option sheet or fill in an OYAP application found in student services before the end of February. Have your guidance counselor electronically fill out application on "CHATT".

Information Interview:

Participate in a formal interview designed to gather information about the student and to clarify information regarding OYAP. A resume is required.

C Upon acceptance to the program students will:

- Earn high school credits while working on the job as a paid apprentice
- Maintain a strict attendance policy
- Make a commitment to be consistent in effort and attendance in all courses while in school and on the job
- Continue apprenticeship after high school
- Have the opportunity to write a basic and advanced college apprenticeship exemption exam after successful completion of the OYAP program with a 70%
